

A diagram of a blue circuit with labels 1 through 6. The circuit consists of several horizontal and vertical segments. A dashed orange line is drawn horizontally across the middle of the circuit. Labels 1 through 6 are placed around the circuit with lines pointing to specific points: 1 points to a dot on the top horizontal segment; 2 points to a dot on the right vertical segment; 3 points to a dot on the left vertical segment; 4 points to a dot on the bottom horizontal segment; 5 points to a dot on the right vertical segment; and 6 points to a dot on the left vertical segment.
